NATIONAL MEAT INDUSTRY TRAINING ADVISORY COUNCIL LIMITED

MINTRAC 2 day workshop: Animal Welfare Officer Skills Set

Purpose

This workshop is specifically designed to develop a better understanding of the implementation of Animal Welfare Standards as well as managing and auditing the Standards.

Who should attend?

This workshop is aimed at providing animal handlers, lairage supervisors and stockpeople, slaughter floor supervisors, training managers and quality assurance officers/managers with necessary animal welfare and handling skills. It is also beneficial to any persons responsible for the internal or external audit of animal welfare at processing plants.

Workshop outline

Day 1: Implementing the Animal Welfare Standards

One day Animal Welfare Standards workshop which will provide participants with the skills and knowledge required to understand and implement the National Animal Welfare Standards for the livestock processing industry. The workshop will cover:

- Assessing and defining animal welfare
- Behavioural aspects of livestock and livestock handling
- The key animal welfare considerations underpinning the Standards
- Regulatory and customer requirements nationally and internationally
- Monitoring techniques and management requirements for animal welfare at processing plants
- Technical aspects of stunning and slaughter.

Day 2: Managing and auditing the Animal Welfare Standards

The second day of the workshop will cover management, assessment and auditing animal welfare in meat processing plants. This will deal with the standard operating procedures and quality assurance arrangements necessary to demonstrate the animal welfare standards and other legislative and commercial requirements in a processing plant. Additionally, the workshop will cover the auditing processes and assessment of animal welfare that should be used to assess the implementation of and compliance with the Animal Welfare Standards.
